- We make sure to keep you informed and updated of any local and/or international changes that concern your certification scope
- Our accreditation covers a wide range of standards and products, thus we are able to provide you with holistic solutions regarding management system certification

FREQUENTLY ASKED QUESTIONS

How long does it take to certify with ISO22716:2007?

Typically 3-6 months, although this may depend on various factors. The main issue is that the organization demonstrates that its management system is fully implemented and meets all the requirements of the standard. Top management and employees' level of awareness is also a crucial point to determine the necessary time for gaining certification.

Does it substitute public authority audits?

No. ISO22716 is a voluntary certification aiming at continual improvement and does not substitute any public or official audit. However, it improves the company's organization, so that it complies with all relevant applicable legislation and helps avoiding any unexpected problems or fines during these audits acting pre-cautiously.
